Outline

- Information Transmission & Use
  - Convergent Networks
- Q&A
Convergent Networks

A programmable network switch that can process the signaling for all types of packet protocols

Wireline

Mobile

Nomadic

3G/ WiBro/4G

Ad-hoc N/W

MANet

WLAN/ Wi-MAX

3G/ WiBro/4G

Mobile

Online Gateway

Soft Switch

Application Server

All IP N/W

Framework Server

Other Service Capability Servers

Access Gateway
